A MESSAGE FROM THE PRESIDENT

The planting and building of strong, vibrant local churches throughout the world is the pressing need of the hour. Early in the next century world population is expected to top six billion. Large cities and mega cities will opdominate mithe world ascene furth from the nothight about the enormous, unspeakable need both at home and abroad, the Baptist College and Graduate School of the West is committed to train and equip highly-qualified leaders to face head-on the challenge of the 21st century. It is our burden to plant, build, and strengthen local churches, and to the same end, to foster the establishment of training institutions on the mission fields of the world. Our unique environment provides an ideal laboratory for training leaders to meet today's and tomorrow's challenge. We have purposed to combine academic excellence and fervent evangelism in our effort to equip laborers for the harvest fields both urban and rural. We will begin by laying a strong foundation here in the California Bay Area and then from there by moving across the West and though the gateway into the Orient and around the world. It remains our conviction that the Bible is the inerrant, inspired and infallible Word of the Living and True God. It remains our purpose to train men and women to be leaders in the fundamentalist movement.

Dr. David C. Innes, President

PURPOSE

Baptist College and Graduate School of the West was born out of a sense of urgency on the part of Dr. David C. Innes, its President, and Dr. Dean A. Goddard, its Vice President, with the counsel and advice of godly pastors in the Bay Area. While that sense of urgency is its purpose, it can be expanded to a ten-fold statement:

- 1. To maintain an educational institution into the 21st century that holds a solid Biblical Position defending and propagating the inerrancy, infallibility, and preservation of the Bible; teaching and maintaining both ecclesiastical and personal separation; fully proclaiming the pre-tribulational, premillennial return of Christ.
- 2. To train men with a burden and vision for church planting with a goal of planting hundreds of churches throughout the West and the Orient.
- 3. To train men and women with an aggressive soulwinning methodology and with an effective follow-up and discipleship ministry.
- 4. To train men and women who are totally committed to the local church; promoting the local church as God's program for this age by training dynamic preachers to lead local churches, training laymen to strengthen local churches, and taking Bible College education into the local church with a unique satellite campus approach.
- 5. To provide hands-on working experience with many ethnic and cultural groups and training Christians in effective methods to reach an urbanizing world while teaching our graduates how to live and minister successfully in an urban environment.
- 6. To provide the man and woman power to effectively reach one of the world's greatest mission fields right here at home; teaching our students to have compassion on the multitudes--particularly the six million souls of the Bay Area.
- 7. To provide instruction in a proven missions strategy while located at the Gateway to the Orient; building upon a proven record of having successfully trained men to plant churches and establish Bible colleges on the mission field with graduates planting churches in seven

foreign countries and building Bible colleges in three already.

- 8. To provide Christian education on the West Coast that is committed to a standard of academic excellence especially emphasizing a superbly qualified faculty, a relevant curriculum for today's needs, quality music education, and a 20,000 volume Biblical library.
- To provide training in developing strategies to reach an urbanizing world and geared for 21st century ministry while maintaining our focus on church planting and building.
- 10. To prove that Biblical Fundamentalists can still work together to accomplish great things for God.

HISTORY OF THE COLLEGE

In January 1987, Dr. David C. Innes, then President of San Francisco Baptist Theological Seminary, invited a group of like-minded, concerned Pastors from the Bay Area to meet at Foothill Baptist Church in Castro Valley (Rev. Daryl Wilson, Pastor) to discuss the urgent needs of reaching the 6 million plus residents of the Bay Area and the 12 million plus residents of Northern California with the Gospel. The result of that discussion was a unity of the Spirit of God among the men that the Bay Area needed:

- 1) The building and strengthening of the existing Fundamental Baptist churches in the area.
- 2) The planting of literally scores to hundreds of new Independent Fundamental Baptist Churches.
- 3) The conversion of the San Francisco Baptist Theological Seminary into a Bible College and Graduate School program so that the young people of this area who go to colleges in the East and the South can be kept here propeso that when they graduate they will be workers in the harvest field of the West. It was also decided to support the work of Brother Jim Armor and the Citadel Baptist College in Sacramento, California.

While the transitition from Seminary to Bible College and Graduate School was not universally accepted by all, it was finally agreed that the transition would be made provided that the supporting churches and friends of the movement could raise \$50,000 by August 31, 1987 to pay off all of the Seminary's indebtedness and finish the closing year of the Seminary's operations. To the praise of the Lord, this was accomplished and Baptist College and Graduate School of the West opened its doors on August 31, 1987 with 39 students.

STATEMENT OF FAITH

Article I

The Scriptures

The Old and New Testaments are a divine revelation and constitute the Word of God. The Bible was recorded by selected men who wrote under the superintendence of the Holy Spirit. It is verbally and plenarily inspired, as originally given, and providentially preserved so that the manuscripts which we possess are practically identical with the originals. Therefore, we can preach with confidence and authority the Bible which we now possess.

Article II

The Godhead

Comprehensively, the Scriptures testify that God is spirit, light, and love. Theologically, God is infinite, eternal, and immutable in His wisdom, power, presence, unity, holiness, justice, goodness, truth, and love. Thus God is sovereign.

ProperGod listratevealed as B self rexistent and a self revealing in three distinct Persons: Father, Son, and Holy Spirit, Who share the same attributes and are worthy of the same worship, confidence, and obedience, each have a distinct place in the execution of divine purpose.

Article III

The Lord Jesus Christ

The Second Person of the Triune God is the Son, Whose name is the Lord Jesus Christ. He existed eternally with the Father, and at the time of His incarnation, without a change in His deity, became a man through the miracle of His divine conception and virgin birth. He lived a sinless, impeccable life, died a substitutionary death for all men, was buried and arose from the grave physically the third day. He ascended into heaven, is presently fulfilling His intercessory and mediatorial ministry, and has promised to return to rapture the church, prior to the Tribulation, at the conclusion of which He will institute His Davidic reign over Israel and the nations.

Article IV

The Holy Spirit

The Holy Spirit is the Third Person of the Godhead and is the divine agent in creation, revelation, He convicts the world of sin. calls. redemption. regenerates, seals, and baptizes believers into the body of Christ. He indwells all who are born again and empowers them for service, illumines their understanding of the truth and promotes sanctification in all who become children of God through faith in Christ.

Article V Man

Man was created in the image and likeness of God immediately and apart from any process of evolution. By personal disobedience to the revealed Will of God, man became sinful, guilty before God, and subject to the power of the Devil. This total depravity has been transmitted to the entire human race so that man is a sinner by nature, choice, and practice, and possesses within himself no means of recovery or salvation.

Article VI

Salvation

Salvation is by the grace of God through a free gift which is neither merited nor secured in whole or in part by any virtue or work of man. The single ground or basis of salvation is the shed blood of our Lord Jesus Christ, and the single condition is faith in the risen Son of God. Salvation is achieved through the instrumentality of the Word of God. In salvation the believer is called, regenerated, justified, forgiven all sin, eternally secure, and endowed with every spiritual blessing.

Article VII The Spirit World

Prior to the creation of man, God created a great host of personal spirit beings, many of whom kept their first estate of holiness and presently worship God and serve His earthly people. One of the spirit beings, Lucifer, fell through the sin of pride, taking with him a large number of his associates who became demons and participate in his unholy purposes. Satan is the author of sin accomplished the moral fall of the progenitors of the human

race, subjecting them to his authority and defrauding them of world dominion. He is the enemy of God, the accuser of God's people, and is active in counterfeiting the works and the truth of God. He was judged at the cross, and while active in this age and the scourge of the Tribulation, his destiny is the Lake of Fire to which he will be consigned at the close of the millennium.

Article VIII The Church

The Church is a spiritual body created on the Day of Pentecost, into which all true believers of this age are baptized by the Holy Spirit. The exalted Christ is the sole and supreme Head of the Church.

The local expression of the church is a company of immersed believers, independent in character and autonomous in function, existing in fellowship with other churches of like faith and order. Such New Testament local churches are free from interference and from ecclesiastical or political

authority.

Properto these churches are committed the ordinances of Baptism and the Lord's Supper. Baptism, obligatory upon every believer, is by immersion in water in the name of the Trinity as a sign of identification with Christ in His death, burial, and resurrection, and constitutes a prerequisite for membership. The Lord's Supper is a commemoration of the death of Christ and is designed as a renewal of communion with Him and a pledge of church fellowship. The officers of the local churches are pastors and deacons with the term "pastor" being used interchangeably with the terms "elder" and "bishop." The local churches have the responsibility of worship, self-edification, and the world-wide preaching of the gospel.

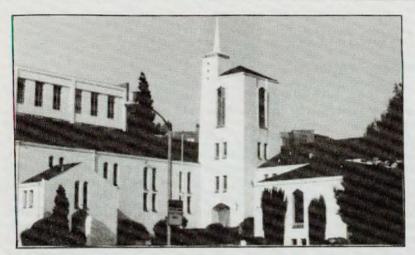

Article IX Future Events

At death the spirits and souls of believers pass instantly into the presence of Christ and remain in conscious joy until the resurrection of the body when Christ comes for His own.

The blessed hope of the believer is the imminent, personal, pretribulational, premillennial appearance of Christ to rapture the church. His righteous judgments will then be poured out on an unbelieving world during the Tribulation.

The climax of the seventh year will be the physical return of Jesus Christ to the earth in great glory to introduce the Davidic Kingdom. Israel will be saved and restored to national superiority. Satan will be bound, and the curse will be lifted partially from the physical creation. Following the Millennium, the Great White Throne judgment will occur, at which time the bodies and souls of the wicked dead shall be reunited and cast into the Lake of Fire.

LOCATION

The San Francisco Bay Area is both one of the most beautiful spots in all the world and a teeming metropolis of multicultural and ormultiethnic backgrounds. Franks cone of the most visited centers of tourism in the United States, the scenic wonders range from the Redwood Forests to the Ocean beaches and Peninsulas. The man-made wonders range from the culturally advantageous symphony and opera houses to Fisherman's Wharf and Chinatown.

Although the radicalism and low morality of a vocal minority of the Bay Area's people attracts the attention of the national news media, San Francisco and its environs actually form a massive metropolitan area of nearly 7,000,000 who are honest, normal, hard working Americans in need of a Savior.

This wonderful location known for its temperate climate, its scenic beauty, its educational institutions, its cultural advantages, and its progressive economy is an ideal laboratory for the development of the pastoral, educational, and musical skills necessary for the student to become an effective leadership force for local churches who can envision reaching the multitudes with the gospel.

Although there are more than fifty like minded churches in the Greater Bay Area, the opportunities of America's most populated state, which stretches 1000 miles long and 200 to 300 miles wide, are such that there is room for the planting of a thousand new Fundamental Baptist Churches.

FACILITIES

Colleges Facilities

Day time classes of the Baptist College of the West meet (temporarily) in the facilities of the Foothill Baptist Church in Castro Valley. This suburban site on the East side of the Bay provides a ten acre campus for the use of day students as they pursue their undergraduate degrees. This facility is easily reached by highway taking the 580 freeway East out of Oakland and exiting on Castro Valley Boulevard. From the Contra Costa Area it can be reached by taking 680 South to 580 West and exiting in Castro Valley. Commuters can reach the Foothill Baptist Church by taking the BART to the Bayfair Station and catching the bus for a short 10 minute ride over the hill to the corner of Somerset Boulevard and Lake Chabot Road. It is a half a block walk to the church from the bus stop.

As the Lord leads, permanent facilities for the day time undergraduate classes will be acquired, but until then the Foothill Baptist Church provides sufficient classroom and study area for these classes to be conducted in pleasant and comfortable surroundings.

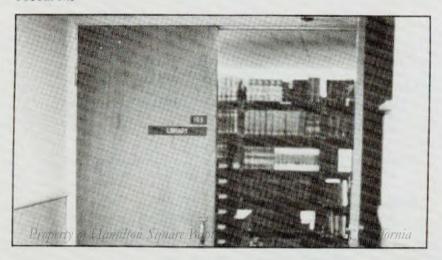

Student's needing housing should see the section later in this catalog on Student Housing.

Graduate School Facilities

All of the gradute school offices, classrooms, library, lounge, and study rooms are housed in the Hamilton Square Baptist Church of San Francisco. This fundamental church, which has ministered to the city for over 100 years, has provided these facilities to San Francisco Baptist Theological Seminary for 29 years and now continues this courtesy to the Baptist Graduate School of the West.

These facilities are attractive, spacious, comfortable, and provide an ideal location in which to prepare for the ministry of God's Word. They can easily be reached by car by taking 101 to its North end in the city and turning left up the hill to the corner of Franklin and Geary. BART passengers who avoid the problem of parking in the city would exit the BART system at the Montgomery Street station and catch the 38 Geary Blvd. bus to the corner of Franklin and Geary.

Nearly 25,000 technical and inspirational books, pamphlets, and magazines are housed in the library and borrowing privileges in several large theological libraries in the Bay Area are available to students doing advanced research.

ACCREDITATION

The Baptist College and Graduate School of the West does not belong to any national or regional accrediting agency of either state or secular persuasion. The College is a member of the American Association of Christian Colleges and may seek full accreditation from this fundamental, Christian organization sometime in the near future.

The School does not represent itself as giving state authorized or licensed degrees since it seeks no state approval for its program. The Baptist College and Graduate School of the West is a California not-for-profit, educational corporation.

NONDISCRIMINATION

The College admits students of any race to all the privileges, programs, and activities generally accorded to its students. Also the College does not discriminate on the basis of race in the administration of its educational policies, admissions policies, or scholarship programs.

All financial obligations must be current before a student may take either mid-term or final exams. All accounts must be settled before graduation.

APPLICATION PROCESS

Normal processing time for applications is six weeks prior to the opening of the semester; however, in special cases provisional admission may be granted to those applying late. The following steps constitute the proper application procedure:

- 1. Application must be made on an official form which may be secured from the college office by calling (415) 776-8082.
- 2. A recent photograph must accompany the application blank.
- An official transcript of high school grades and all courses taken beyond the high school level must be sent directly from the institution where the work was completed.
- The application fee must accompany the application.
 This fee is not refundable.

FOREIGN STUDENTS

Baptist College and Graduate School of the West is authorized by the United State Department of Justice, Immigration and Naturalization Service to issue forms to students from countries other than the United States which the student may use to apply for a student's visa in order to come and study at here. Only students who have finished the equivalent of a four-year Bachelor of Arts or Bachelor of Science degree are eligible for consideration. The Graduate School has been used of God to train many students from countries all around the world. Its location on the West Coast and within the multi-ethnic City of San Francisco makes it ideal for this purpose. Foreign students who make application to attend must agree in advance to abide by the following regulations:

All students must return to their homeland immediately upon completing their studies at this school in order to take up the work of the ministry to their own people.

Property of Hamilton Square Baptist Church San Francisco, California

While attending this school there must be no romantic attachments nor steps taken which would result in marriage to any American citizen who resides in this country.

Families of married students cannot be brought to this country except in rare situations.

The Immigration Department does not normally allow foreign students to work in this country. The graduate school does not provide full tuition scholarships to any of its students. Therefore, details of financial support and sponsorship must be worked out before the student comes.

Unless prior arrangement is made, foreign students cannot transfer to another institution but must complete their program at this institution.

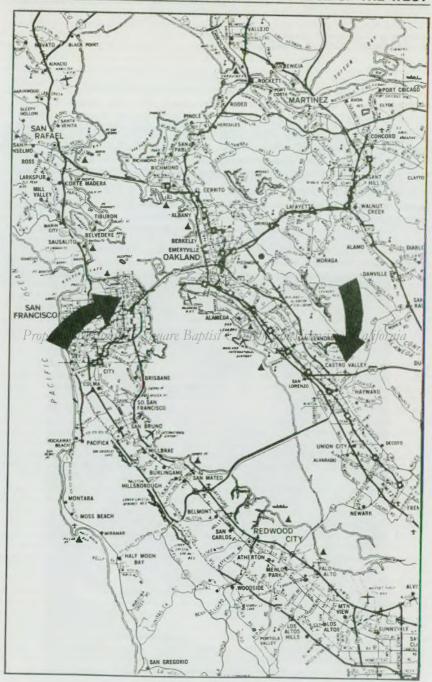

Details regarding the above regulations are provided to all foreign students who make application. In addition to the regular application procedure in this catalog, foreign applicants should arrange to take the Test of English as a Foreign Language (T.O.E.F.L.). For information on this, contact T.O.E.F.L., P. O. Box 2896, Princeton, N.J., 08541-2896, U.S.A.

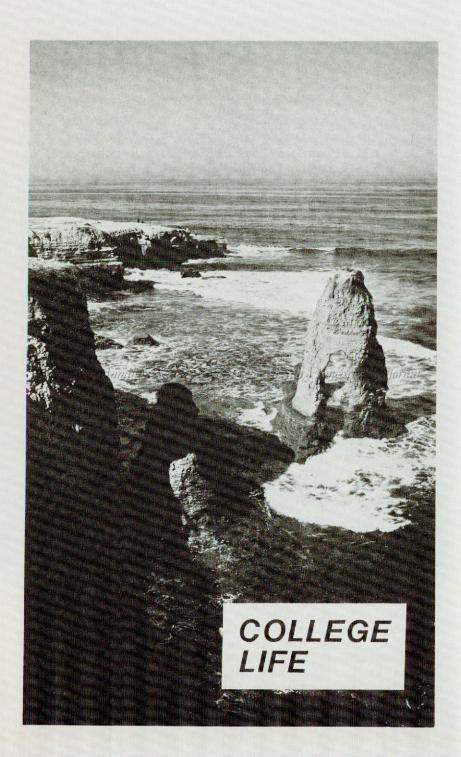

TRANSFER CREDIT

Students who wish to transfer to the Baptist College of the West from another college should correspond with the registrar's office to ascertain whether or not credits they have earned can be accepted. College level courses which are similar in scope and content to those offered by the Baptist College of the West can usually be transferred. Difficulty may be encountered in some subject areas (such as religion and education) which were studied at a non-Christian institution. In order to graduate a transfer student must complete at least two full semesters (32 credit hours) in residence at Baptist College of the West.

Students transferring into graduate programs should consult the sections of the catalog dealing with the particular program of interest.

UNDERGRADUATE CLASSES

Daytime undergraduate classes are offered Tuesday through Friday mornings from 7:30 a.m. to 12:45 p.m. Periods last 50 minutes each, and there is a daily chapel of 30 minutes duration. The schedule is as follows:

Period	I	7:30	-	8:20
Period	II	8:25	-	9:15
Period	Ш	9:20	$\overline{}$	10:10
Chapel	1	0:15	-	10:45
Period	IV1	1:00	-	11:50
Period	V1	1:55	-	12:45

It is the student's responsibility to arrange his employment schedule so as to conform with the requirement that each student should be prepared to be on campus from 7:30 a.m. to 12:45 p.m. Tuesday through Friday.

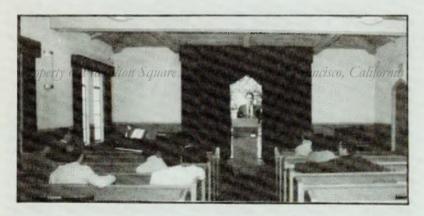

Because all undergradute courses are taught in residence it is very important for students to be present in class unless circumstances make this himpossible soo, Attendance is taken at every class and a student may miss a course without academic penalty only as many times as the class meets per week. Example: English composition meets three times per week and carries three semesters hours credit. It may be missed three times per semester without academic penalty but only because of illness or unavoidable More absences than three would carry with it emergency. an academic penalty.

Evening Classes

Evening classes in Bible and Practical Work are offered in various locations around the Bay Area leading to the Christian Worker's Certificate. These are College-level courses and are fully applicable to the Associate in Arts Current offerings are scheduled on Tuesday, and Thursday nights, and on Saturday mornings. Currently classes are offered at Rhonert Park, Martinez, Serramonte, and San Francisco. A typical evening schedule begins at 7:15 p.m. and ends at approximately 9:55 p.m. Saturday classes would run from approximately 9:15 a.m. to 11:55 p.m.

GRADUATE CLASSES

Due to the nature of Graduate level work, various programs of instruction carry with them unusual schedules, but a majority of the courses offered toward the M.A. in Bible and the Master of Divinity Degrees are offered in residence between the hours of 7:30 a.m. and 12:45 p.m. on Tuesday through Friday. Summer courses for the Masters in Christian Education will meet Monday through Saturday for two weeks and may extend as late as 1:45 p.m. Courses toward the M.A. in Bible are offered on Tuesdays only so that local pastors and their assistants may complete their degree in two years by going one day per week. These courses extend past 12:45 p.m. and the schedule should be noted at the time of registration.

CHAPEL

A thirty-minute chapel is conducted daily on the undergraduate level and twice per week on the gradute level by faculty members, local pastors, and guest speakers from out of town. Students of all classifications are required to attend chapel. Chapel is particularly important to Baptist College and Graduate School of the West because it is both the inspirational and motivational ministry to the students as well as the forum for the communication of the philosophy, convictions, and zeal that are so vital to an effective ministry. Special lectures are sponsored from time to time during the chapel hour to add to the training of the Lord's servants.

PRACTICAL EXPERIENCE

Every student is expected to be a member of a local, independent Fundamental Baptist Church and is expected to carry under the direction of the Pastor or staff of that church some form of a ministry load. Undergraduate Bible majors should either teach a Sunday School class, work a bus route, or regularly participate in the soulwinning ministry of their church. Education majors should teach a Sunday School class. Music majors should participate in the music ministry of their church by singing in the choir, singing or playing in special groups or as solos, as well as participate in the soulwinning ministry of their church. Secretarial Science majors must carry out a ministry in their church as well.

Graduate students should be ministering in the local, independent Fundamental Baptist Church as well as take the course Pastoral Practicum on either the Masters in Bible or Master of Divinity levels.

STANDARDS OF CONDUCT Francisco, California

Each student is given supplementary information at the time or registration indicating the standards of dress and deportment expected. The Baptist College and Graduate School of the West believes that the use of tobacco, alcholic beverages, chemical abuse, and indulgence in other worldly practices is incompatible with preparation for Christian ministry. Failure to abide by these convictions will be sufficient cause for dismissal from the college or the graduate school.

HOUSING

The Baptist College and Graduate School of the West does not possess dormitory facilities for students to live in. Students who come from outside the California Bay Area will live in their own rented facilities, which they will be responsible to choose and maintain. The College is glad to help students locate and select good housing and will make every effort possible to see that students are comfortably located near good, fundamental, Baptist local churches which they can attend and support. The College is actively pursuing the acquisition of dormitory facilities and expects to be able to make them available in the future.

Despite the city of San Francisco's reputation for high housing costs, students will find costs to be reasonably competitive if they locate outside the urban areas. Experience has shown that employment is generally easier to obtain than housing. Students who expect to work should allow three to four weeks to find the right housing and employment and be adequately settled in time for classes to beginerty of Hamilton Square Baptist Church San Francisco, California

There are five fundamental Christian schools in the Bay Area for married students who are interested in sending their children to one. The College recommends students who will be moving their family to the area come at the beginning of the summer.

The Baptist College and Graduate School of the West offers the following degrees and certificates:

Christian Worker's Certificate (12 hours of Evening Classes)

Advanced Christian Worker's Certificate (CWC plus 12 additional hours)

Associate in Arts Degree (64 Undergraduate Hours)

Bachelor of Arts Degree (1991) (A.A. plus 64 additional hours)

Master of Arts Degree (B.A. in Bible plus 32 hours)

(B.A. or B.S. plus 36 hours)

Master of Ministry Degree
(B.A. plus 3 years experience in the ministry and 30 hours of additional instruction)

Master of Divinity Degree (B.A. or B.S. plus 96 hours)

Master of Theology Degree (M.Div. plus 32 hours)

Doctor of Ministry Degree
(M.Div. plus 3 years experience in the ministry and 30 hours of additional instruction)

CHRISTIAN WORKER'S CERTIFICATE

The Christian Worker's Certificate can be completed in one year by going two sessions per week or in two years by going one session per week. In addition, all credits earned in the program can be counted toward either an A.A. or a B.A. degree should the student choose to pursue a degree later on.

ASSOCIATE IN ARTS DEGREE

The Associate in Arts degree programs at the Baptist College and Graduate School of the West are designed specifically to prepare men and women to be effective servants of God in their local churches regardless of what field they major in. Because of this all programs require a minimum amount of training in Bible and practical studies. Students admitted to the program are expected to be bornagain Christians who give evidence of high moral and spiritual standards and whose character and integrity are exemplary. The College exists for the purpose of training such men and women to be winners of souls, builders of local churches, and leaders in the fundamentalist movement.

In order to become a candidate for the Associate in Arts degree, students should be high school graduates or

possess G.E.D. equivalency. Prospective students who plan to enter the program next fall should take either the A.C.T. or the S.A.T. before then. This will better help the College advise the student on his academic program.

All courses in the Associate in Arts programs will be offered in day classes (Tuesday through Friday). Students must complete 64 credit hours (68 for Church Music) in order to graduate. No more than fifty percent of the program can be transferred from another institution.

There are four major programs: Church Music, Bible, Christian Education, and Secretarial Science. When the Bachelor in Arts degree programs are created, all Associate in Arts courses passed with a grade of C or above will be

credited toward those programs.

Application should be made on the official college application form and submitted with the non-refundable \$15 application fee and related documents.

BACHELOR OF ARTS

In its third year of operating fulltime day classes, Baptist College of the West plans to offer Bachelor of Arts degrees for Christian Workers in four areas: Bible, Church Music, Christian Education, and Church Secretarial Science. Although course outlines are not offered here, the curriculum is planned, and preparations are underway to publish those curriculums as soon as possible. Interested parties should contact the office to be placed on a list of those who will be the first to be notified of the curriculums as they are released.

MASTER OF ARTS

The Master of Arts is a thirty-two (32) hour program designed with a double intent, (1) the provision of quality graduate level training for those already serving in local churches in the area and (2) as a stepping stone toward the higher, more needed degree of Master of Divinity. The curriculum for the Master of Arts has been designed so that a pastor or associate pastor in the area can attend classes one day per week and complete the degree in two years. Every course in the Master of Arts program except the thesis counts toward the Master of Divinity. The Master of Arts requires as a prerequisite the baccalaureate degree with a major in either Bible or a pastoral studies program. In addition to this the student must have completed at least two years study of Biblical Greek before he can be considered a candidate for graduation.

MASTER OF MINISTRY

By taking the same courses as listed under the Doctor of Ministry program (with the exception of the thesis), a pastor with three years of pastoral experience and a Bachelor of Arts degree in Bible or pastoral studies can complete a degree in professional expertise called the Master of Ministry.

MASTER OF CHRISTIAN EDUCATION (M.C.E.)

In the early part of the Twentieth Century in America, the Bible Colleges and the Bible Institutes called Christian Education that discipline of studies relating to the local church and its education of lay people and children. At this same time the Theological Seminaries called this field of study Religious Education and granted degrees like the Masters of Religious Education and the Doctor of Religious Education. Then in the decade of the sixties, the Christian School movement came up and colleges began granting degrees in Education, Secondary and Elementary, and the field of Christian Education died. The Department of Christian Education at Baptist College and Graduate School of the West is intent upon reminding all of us that Christian School Education is Christian Education and that the Christian School has no business training people to teach in Government Schools.

PropThe Master of Christian Eduction degree programmis designed specifically for Christian school teachers and administrators who want graduate training in the field of Christian Education during the summer when school is not in session. Prospective enrollees must possess a bachelors degree in the field of education or Bible and should fill out and submit the standard college application form including

the application fee and related documents.

The program is taught in a three year cycle during two fifteen day sessions each summer. Every student must declare a major in either administration, elementary education, or secondary education. Students may enter the program at any point in the cycle. The college expects to bring guest lecturers from across the United States who are specialists—not just in education, but in education from a truly Christian perspective.

The daily schedule consists of two sessions taught from 8:00 a.m. to 10:45 a.m. and from 11:00 a.m. to 1:45 p.m. The fifteen day sessions run Monday through Saturday.

MASTER OF DIVINITY

The Master of Divinity degree is designed for the prospective pastor or missionary and emphasizes theology, the practical use of the original languages, and application of Biblical principles to the work of the ministry. Each student makes practical application of his academic training through work in a local church.

The Seminary will accept students who have prepared themselves for work on a graduate level. To be considered by the Admissions Committee for enrollment as a regular or part-time student, one must have a baccalaureate degree or its academic equivalent.

In view of the Seminary's intensive emphasis on the Biblical, theological, and linguistic aspects of its curriculum, and the necessity for a pastor to have a broad background in the arts and sciences, it is strongly recommended that a emphasize the following disciplines in student his undergraduate program: English, history (especially western civilization), foreign language, science, social science, philosophy, and psychology.

In order to graduate the prospective Master of Divinity candidate must achieve a grade point average of 2.4 in his in-residence work.

The student must give evidence of a life dedicated to Lord's service, one that evidences maturity and responsibility in the spiritual, moral, and material aspects of life. These requirements are just as significant as academic achievements, and are evaluated by the observation of the faculty and the reports on the student's practical service.

MASTER OF THEOLOGY

The Master of Theology program is designed to serve three distinct purposes: (1) preparation for a teaching career, (2) preparation for the Doctor of Theology Program, and (3) limited specialization in a specific discipline of value to the student's particular professional career. Majors are offered in the Departments of Old Testament, New Testament, and Theology.

The Master of Theology program requires thirty-two (32) semester hours of advanced courses. At least twenty of these will be taken in the student's major field. The other twelve should be divided among other areas of theological study. The prospective candidate must complete the Master of Divinity degree or its equivalent with a grade point of 3.0 (B).

No Master of Theology courses may be audited. All courses are offered on a rotating basis and no guarantee is made that the program can be completed in one year's time.

In order to graduate at least sixteen semester hours must be completed in residence with a 3.0 (B) grade point average. No grade lower than C- will be credited to the program. All work for the Master of Theology degree must be completed within five years from the time of the first matriculation. Exception must be approved by the faculty.

One of the requirements of the Master of Theology degree is the writing of a thesis of approximately 50,000 words. The work must demonstrate scholarship, research, and originality. Specific requirements for the thesis are available from the Dean's office.

DOCTOR OF MINISTRY

Purpose

The Doctor of Ministry program is designed to help the man of God who is currently pastoring the local church to sharpen his skills for ministry and to develop new ones that will help him do the work that God has called him to do. It presupposes that the pastor already has an adequate academic education, and it should enable him to extend the professional aspect of his preparation and thereby enhance the effectiveness of his ministry. The program is designed to emphasize communication, administration, counselling and current developments in the area of pastoral methodology.

Description

In order to accommodate pastors who are currently serving in a fulltime ministry the Doctor of Ministry program is offered in two-week segments three times per year. There will be one session in mid-January and one double session//during/athe/summer/months.ra/The/program/acan be completed in three to five years depending upon how many courses the student takes each year. Classes will meet from four to five hours each day.

The program is equivalent to thirty semester hours of classwork. Each course is equivalent to three semester hours, and there are ten courses in the program. Seven of these courses are required, and three others may be chosen from electives that will be offered to complete the coursework requirements.

The cycle of required courses for the Doctor of Ministry program repeats itself every three years. Each year two required courses and one elective are offered. Elective courses are scheduled according to demand.

The advisor for the Doctor of Ministry program is the Dean of the Graduate School, and all students are under the direct supervision of the president, Dr. David C. Innes.

Many of the courses will be taught by visiting faculty, and some will be taught by current members of the Graduate School faculty. In some cases a visiting speaker and resident faculty member will both teach the course as a team. Guest faculty members are pastors whose ministry and training have given them particular expertise in the subject area of the class.

Entrance Requirements

The prospective candidate for the Doctor of Ministry degree must have a Master of Divinity degree. Transcripts should be sent directly from the institution where the degree was granted. The program must be similar in scope and content to the Master of Divinity program at Baptist Graduate School of the West. Students whose grade point average is less than a B average may be accepted on a probationary basis.

The candidate should also have at least three years of pastoral experience after receiving the Master of Divinity degree and must be currently serving in a pastoral position

throughout the duration of the program.

In addition to the regular application for admission the candidate must complete a questionnaire provided by the Seminary to evaluate his doctrinal and ecclesiastical position. It is expected that students accepted for this program will be baptistic in polity and separatist in orientation and fellowship.

The candidate should also provide the School with references consisting of two other pastors and two members of his board of deacons who are able to give testimony concerning his gifts and calling to the ministry.

Continuation in the Program

In order to be retained in the Doctor of Ministry program the student must sign up for no less than two classes during the course of each calendar year. Students should plan to complete the program within six calendar years of their first matriculation into it. In cases where extreme hardship or difficulty has interfered with studies, the faculty may grant exceptions to these rules.

Because of the concentrated nature of the courses it is essential that students attend all classes. Courses may not be dropped except for unavoidable circumstances beyond the student's control that make it impossible for him to complete the course.

Transfer Credit

No more than two classes (six hours) can be transferred into the program. They must be from a Doctor of Ministry curriculum at an approved institution and be similar in scope and content to what is required at this School. No course with a grade less than B can be transferred.

Graduation Requirements

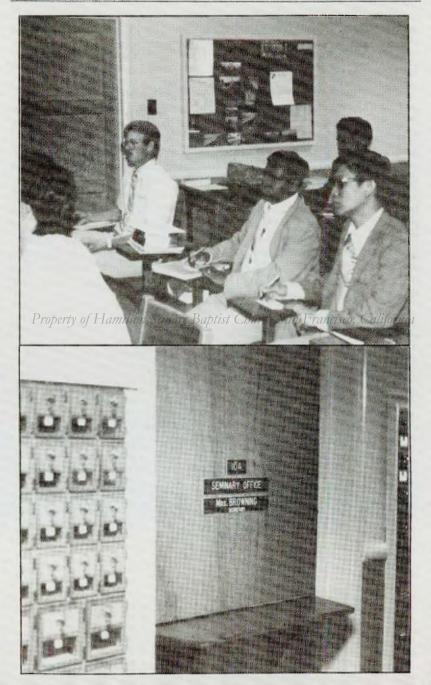

Acceptance into the Doctor of Ministry program does not guarantee that the student will graduate. After completing eighteen hours of classes the student may be admitted to candidacy by vote of the faculty. In order to graduate he must successfully complete thirty hours of classes with a B average including the completion of his dissertation project. He must also demonstrate the leadership and maturity that would be expected from one possessing this level of training. It is expected that the progress of the student's current ministry will reflect the positive growth of his academic career. Sometime before graduation the candidate will be interviewed by the faculty in order to assess his current position on doctrine and fellowship. All graduates must be in agreement with the College Statement of Faith.
